Re: SofTek Systems Inc. and Partner University Achievement Scholarship

Dear Dr. Narasimha Reddy,

On behalf of the entire International Technological (ITU) community, we are very pleased that Sreenidhi Institute of Science and Technology and ITU have joined together through an MOU to develop a broad array of student and faculty collaborations. We are particularly pleased that students and graduates from **SREENIDHI INSTITUTE OF SCIENCE AND TECHNOLOGY** will be able to participate in ITU's accelerated and cooperative programs leading to achieving the Master's degree and for some students the Bachelor of Science in Applied Science (pending WASC approval).

We are also pleased that SofTek Systems Inc. is assisting ITU in building and supporting the university-to-university exchange programs in India. They will serve as an active liaison organization to ensure efficient processing of student applications from **SREENIDHI INSTITUTE OF SCIENCE AND TECHNOLOGY** and ease transitions for your students and graduates for a successful start at ITU.

In recognition of our new partnership and to encourage your strongest students and graduates to consider graduate study at ITU, we are proud to offer a twenty-five percent (25%) tuition scholarship for students from **SREENIDHI INSTITUTE OF SCIENCE AND TECHNOLOGY** for all course work required to complete their Master's degree at ITU, including "3+1+1" coursework which may result in both the Bachelor of Applied Science and the Master's degree the student is pursuing. This scholarship will be designated as the Partner University Achievement Scholarship. The conditions for the awarding of this scholarship are (1) ranking in the highest 25% of students or graduates in their class at **SREENIDHI INSTITUTE OF SCIENCE AND TECHNOLOGY** and (2) a recommendation from the Chief Academic Officer of **SREENIDHI INSTITUTE OF SCIENCE AND TECHNOLOGY**, which supports the student as an outstanding candidate for this special scholarship.

This offer of Partner University Achievement Scholarship support will be available for students entering full time study at ITU between the date of this letter and September 30, 2017 and may be renewed by ITU in writing after that date, by mutual agreement.

We look forward to many years of mutually productive faculty and student exchange as we launch this exciting educational partnership with **SREENIDHI INSTITUTE OF SCIENCE AND TECHNOLOGY**.

Sincerely,

  
Gregory M. St. L. O'Brien, Ph.D.
