TEACHERS' FEEDBACK (ON THEORY)

Name of the Faculty: <i>N. Sreevidya</i>	Academic year: <i>2018-19</i>
Name of the Course Taught: <i>OOP Java</i>	Year / Semester: <i>2nd yr - 1st Sem</i>
Course Code: <i>EE302</i>	Department: <i>IT - B, D Sections</i>

Please give your valuable feedback to improve the quality of the programme.

Mention your rating between 1 to 5 for each question.

Excellent - 5, Very Good - 4, Good - 3, Satisfactory - 2, Not Satisfactory - 1

S.No.	Item	Rating (1 to 5)
1	The depth of the syllabus is sufficient for attainment of the defined course outcomes, and thus contributes for the attainment of relevant program outcomes.	5
2	The adequacy of the syllabus for the number of theory hours allotted per week	3
3	Your opinion with regard to pre-requisite(s) required is taken care in the program concerned	4
4	The textbooks prescribed are sufficient to cover entire syllabus	5
5	Your opinion with regard to the need of offering this course as it is a pre-requisite for other courses in the subsequent semesters or which is needed for satisfying the industry requirements	5
6	Whether the courses files are provided by the department for effective conduct of classes and whether they are distributed to the students	5
7	The usefulness of course files for conduct of class work	5

Suggestions:

a) Possibility of replacing an unit in the syllabus by a Unit which is required to be taught or any modifications to be made in a particular Unit. Please give the name of the course _____ with Code No. _____ and the Unit which has to be modified or replaced.

1) Unit to be replaced _____ 2) Unit to be modified _____

b) Any new theory course to be introduced either in core or elective subjects

1) Name of the course _____

c) Any new Lab course or a modified Lab course to be introduced in the subsequent revision of syllabus and mentioned in the Minutes of the Boards of Studies concerned _____

d) Any other suggestions: *well designed syllabus covering advanced concepts like swing also.*

Circular

All the internal Board of Studies (IT, SNIST) members and the senior faculty are requested to assemble in the second block second floor lab: 2302 on 05-01-2018 at 1.00pm to identify unanimously the courses to be included/ modified in the upcoming Curriculum 2018 Regulation for B.Tech. IT and M.Tech. CNIS programmes.

The feedback on the curriculum is gathered from the teachers who offered the courses in the 1st and 2nd semesters of Academic year 2017-18. The same are analyzed and the suggestions enlisted in the forms are to be viewed for curricular updates.

In this regard, all BoS members and senior faculty are required to express their views on the various courses for inclusion/ updation /deletion in the next BoS meeting for the 2018 Regulation as per the model curriculum circulated by AICTE.

Dr. V. V.S.S. Balaram

Hod, Dept of IT

Chairman, BoS, IT, SNIST

Head, Department of IT,

Teachers feedback Analysis Report (AY: 2017-18)

A meeting is convened for the internal members of the BoS and the senior faculty to finalize the curricular revisions in the IT Dept. for the upcoming new Regulation of 2018.

Faculty offering the courses to the students of 1st, 2nd, 3rd and 4th year B.Tech. (IT) and 1st, 2nd year M.Tech (CNIS)— 1st and 2nd semesters gave the feedback on the courses they taught in the 1st and the 2nd semesters along with suggestions on the other curricular aspects.

The ratings given are documented and the suggestions/reviews are analyzed. Following the key points which have been put forth for the considerations:

1. Students need to have an idea about how the projects works are going in industries in this regards it is better to have a Summer Industry Internship program.
2. Agile Software is a latest technology is using by software developers so that it's better to include in curriculum.
3. Advanced Operating Systems Concepts need to be learn by students so better to include in curriculum.

Board of Studies Meeting on 03-06-2017 at SNIST, Hyderabad

Department of INFORMATION TECHNOLOGY

Date: 20-01-2018

Minutes of Meeting

The course structure and syllabi for B.Tech **IT** Ist year I sem and II sem for 2018-19 Regulation as per the model curriculum circulated by AICTE is approved by BOS members of **IT** with the following suggestions:

1. The practical hours allotted to Problem Solving using C Lab to be increased from 2 clock hours to 3 clock hours *and lab and theory courses are treated as two different courses*
2. Instead of Attendance in Technical Seminar, 10 marks are to be allotted for Class Room Participation.
