

Sreenidhi Institute of Science and Technology
Department of Computer Science and Engineering
B. Tech Computer Science and Engineering
Centre of Excellence – Data Science & Machine Learning

VISION: “Develop a good eco system to encourage and motivate the Research scholars, M. Tech. (CSE, CS, CNIS) Students and Young B. Tech. (CSE, IT, ECM) students to carry out their Research Innovations / Patents / Publications / Ph.D. Work and main Projects.”

OBJECTIVES:

- The purpose of the center is to carry out Research / Project Experimentation on the modern AI and ML Algorithms, to gain knowledge on how they actually work.
- Develop Innovative products that leads to patents
- To encourage publications in Internationally Reputed Journals (SCI, SCIENCE DIRECT, SCOPUS etc)
- Encourage Research Scholars to carry out their Ph. D. work and motivate and guide M. Tech. & B. Tech. students to complete their projects in Data Science and Machine Learning areas

ACTIVITIES TO BE CARRIED OUT IN THE DATA SCIENCE & MACHIN

LEARNING CENTER:

The activities to be carried out in this center are conduction of

- Hackathons For B. Tech. Students
- Guest Lectures on the latest Trends in this domain
- Workshops on Publication Ethics etc
- Project Implementations for B. Tech. & M. Tech. students

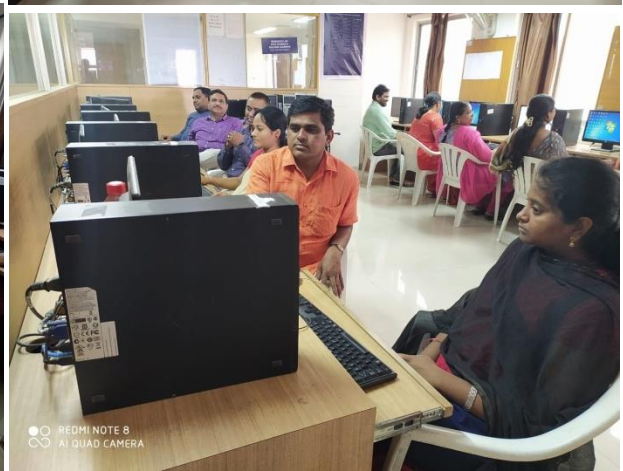

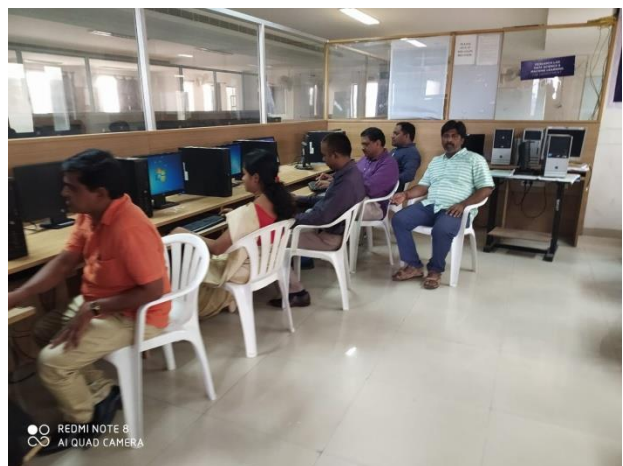

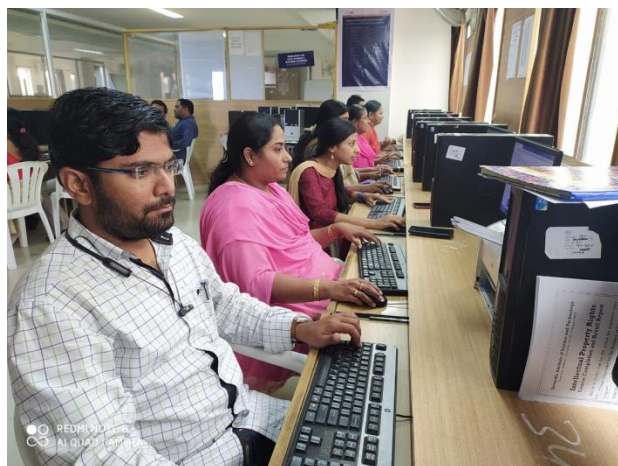

Encouragement of

- Publications in Internationally Reputed Journals
- Filing Patents
- More Lab Timings to carry out their Ph.D. Work
