Examination System

SNIST has devised an evaluation system that is based on continuous assessment and end semester examination with a ratio of 30:70. For all PG courses also the ratio is 30:70. The continuous assessment includes class tests, assignments, book reviews, seminars, group discussion, group presentations, laboratory work, project work and attendance.

Continuous Assessment

- Continuous Assessment test is compulsory and will be held on scheduled date of two hours duration.
- In addition to the scheduled test it also includes continuous assessment by the subject lecturer concerned.

B.Tech Attendance Requirements:

- A student shall be eligible to appear for the semester end examinations, if student acquires a minimum of 75% of attendance in aggregate of all the subjects / courses (excluding attendance in mandatory courses, Internship during II year, NCC / NSO and NSS) for that semester.
- Shortage of attendance in aggregate up to 10% (65% and above and below 75%) in each semester may be condoned by the college academic committee on genuine and valid grounds, based on the student's representation with supporting evidence.
- A stipulated fee shall be payable towards condoning of shortage of attendance as decided by finance committee of SNIST from time to time.
- Shortage of attendance below 65% in aggregate shall in **NO CASE** be condoned.
- **Students whose shortage of attendance is not condoned in any semester are not eligible to take their end examinations of that semester.**
 - **They get detained and their admission for that semester shall stand cancelled.**
 - **They will not be promoted to the next semester.** They may seek re-admission for all those subjects registered in that semester in which student was detained, by seeking re-admission into that semester as and when offered; in case if there are any professional electives and / or open electives, the same may also be re-registered if offered. However, if those electives are not offered in later semesters, then alternate electives may be

chosen from the **same** set of elective subjects offered under that category. The student will be governed by the new regulations in which student takes re-admission.

- A student fulfilling the attendance requirement in the present semester shall not be eligible for readmission into the same semester.

B.Tech Academic Requirements

- The following academic requirements have to be satisfied, in addition to the attendance requirements.
- A student shall be deemed to have satisfied the academic requirements and earned the credits allotted to each subject / course, if student secures not less than 35% marks (24 out of 70 marks) in the semester end examination, and a minimum of 40% of marks in the sum total of the CIE (Continuous Internal Evaluation) and SEE (Semester End Examination) taken together; in terms of letter grades, this implies securing 'C' grade or above in that subject / course.

B.Tech Grading Procedure

% of Marks Secured in a Subject (Class Intervals)	Letter Grade (UGC Guidelines)	Achievement Scale	Grade Points (GP)
Greater than or equal to 90%	O	Outstanding	10
80% and less than 90%	A+	Excellent	9
70% and less than 80%	A	Very Good	8
60% and less than 70%	B+	Good	7
50% and less than 60%	B	Average	6
40% and less than 50%	C	Pass	5
Below 40%	F	FAIL	0
Absent	AB	ABSENT	0

Credit points (CP) = Grade Point (GP) x Credits For a Subject

The Semester Grade Point Average (**SGPA**) is calculated by dividing the sum of credit points (CP) secured from all subjects / courses registered in a semester, by the total number of credits registered during that semester. SGPA is rounded off to two decimal places. SGPA is thus computed as

$$SGPA = \frac{\sum_{i=1}^N C_i G_i}{\sum_{i=1}^N C_i} \dots \text{For each semester}$$

The Cumulative Grade Point Average (**CGPA**) is also calculated in the same manner taking into account all the subjects/courses undergone by a student over all the courses of a programme, i.e.

$$CGPA = \frac{\sum_{i=1}^N C_i G_i}{\sum_{i=1}^N C_i} \dots \text{For all semesters to gether}$$

Award of degree marks equivalent to the computed final CGPA, the following

$$\% \text{ of Marks} = (\text{final CGPA} - 0.5) \times 10$$

A student who qualifies for the award of the degree shall be placed in the following classes.

Students with final CGPA (at the end of the under graduate programme) 8.00 and above, and fulfilling the following conditions -

- (i) Should have passed all the subjects/courses in '**first appearance**' within the first 4 academic years (or 8 sequential semesters) from the date of commencement of first year first semester.
- (ii) Should have secured a CGPA \geq 8.00, at the end of each of semesters, starting from first year first semester onwards.
- (iii) Should not have been detained or prevented from writing the end semester examinations in any semester due to shortage of attendance or any other reason, shall be placed in '**FIRST CLASS WITH DISTINCTION**', otherwise **FIRST CLASS** only.

Students with final CGPA (at the end of the under graduate programme) \geq 6.5 but $<$ 8.00, shall be placed in '**FIRST CLASS**'.

Students with final CGPA (at the end of the under graduate programme) \geq 5.5

but < 6.5 , shall be placed in ‘**SECOND CLASS**’.

All other students who qualify for the award of the degree (as per item 12.1), with final CGPA (at the end of the under graduate programme) ≥ 5 but < 5.5 , shall be placed in ‘**pass class**’.

A student with final CGPA (at the end of the under graduate programme) < 5.00 will not be eligible for the award of the degree.

- 18) Handing over raw results data to Results Processing Section.
- 19) Authorizing final results copy.

Declaration of Results

- There is no minimum passing marks for internal Assessment test. The minimum mark for passing in UG is 35% in the End Semester and 40% of marks in the aggregate of the Internal Assessment and the End Semester. Those who secure less than the stipulated minimum will be declared failed.

- If a student passes the end semester examination but fails to get the adequate aggregate of the Internal Assessment and the End Semester he/she should repeat the End Semester Examination.
- The minimum mark for passing in a subject in PG is 40% in the End Semester and 50% of marks in the aggregate of the Internal Assessment and the End Semester.

The college has implemented Grading System for PG and UG.

There is no provision for an Improvement end Examination.

Appeals Regarding Internal Assessment

Any student who has a grievance regarding internal assessment may bring it to the notice of the lecturer concerned within one week after the receipt of the answer script. If she still feels dissatisfied, the matter can be presented to the head of the department. After that he/she may appeal to the Principal who will set up a committee consisting of two external lectures, the Controller of Examinations and the Head of the department. The decision of the committee will be final.

Representation Regarding Semester Examination Results

- a. Such representations must be made to the Principal in writing within 10 days after the publication of results.
- b. In case of dissatisfaction with end semester examination results a student can ask the controller of examination in writing for revaluation on payment of the prescribed fee.

The following procedure will be followed in revaluation.

- If the difference is less than 10% of the maximum marks of the paper answered between the original and revalued marks, the former will stand.
- If the difference is 10% or more of the maximum marks of the paper answered the latter will be given

Supplementary Examinations

Failed students at UG level can take the supplementary examination in every semester. Supplementary Examination should not be taken more than three times for a subject under the same syllabus. After that the students will have to repeat the examination under the revised syllabus.
