ONE WEEK ONLINE-SHORT TERM COURSE (STC)

NETWORK SECURITY ANALYSIS USING WIRESHARK, SNORT AND SO

(5th to 9th December, 2022)

ORGANISED BY :

DEPARTMENT OF CSE - CYBER SECURITY

SREENIDHI INSTITUTE OF SCIENCE AND TECHNOLOGY, HYDERABAD

IN ASSOCIATION WITH

CENTER FOR CONTINUING EDUCATION (CCE), NIT-WARANGAL

About NIT Warangal

National Institute of Technology (NIT) Warangal, formerly known as Regional Engineering College was established in 1959. Over the years it has developed into a premier institute of higher learning and is ranked among the top technical education institutions in India. There are 13 departments offering eight undergraduate and 32 post-graduate programs besides doctoral programs. About 5000 students across the country and about 500 international students study in the campus. It is a fully residential campus sprawling over 250 acres with excellent infrastructure, state of the art library, seminar halls, guest house and laboratories.

About Center for Continuing Education

The Center For Continuing Education (CCE)-NIT Warangal, organizes FDPs/Training programs / Seminars/ Workshops etc., in the frontier areas of Science, Engineering, Technology, Management, Humanities, Social Science and socially relevant themes on self-financing basis in three different modes: (i) At NIT Warangal (ii)At NIT Warangal in collaboration with other organizations/Engineering Colleges / Institutes (iii) By NIT Warangal faculty at the Host Organization/Institute.

About Department of Computer Science and Engineering, NITW

The Department of Computer Science and Engineering (CSE) offers B.Tech. course in CSE M.Tech, courses in CSE Information Security (IS) and Master of Computer Applications (MCA). The Department has experienced faculty with good publication and well-established laboratories. The Department with reputed industries and R&D organizations like Microsoft, IBM, Oracle, Accenture, Infosys, TCS, EMC2, C-DAC, Motorola, NIC, Sun Microsystems, SPSS and tie up with IISc in certain areas. The Department conducts various sponsored programs like GIAN, International and National Conferences throughout the year.

Sreenidhi Institute of Science and Technology, Hyderabad.

Sreenidhi Institute of Science and Technology (SNIST), Hyderabad, Telengana State-501301, is a non-profit organization founded by a group of Industrialists, Academicians, Professionals and Non Resident Indians (NRIs) with an idea of imparting purposeful education to youth. SNIST which is being sponsored by the Sree Educational Group was established in the year 1997 by Dr. K.T. Mahhe, an extraordinary educationist, a pragmatic leader and a dynamic entrepreneur with rich experience in Academics and industry with the permission of AICTE, New Delhi and the Government of Andhra Pradesh. The Institute offers 11 UG (B.Tech) and 9 PG (M.Tech and MBA) programs. SNIST is striving hard to empower the students in their technical domains. The present annual intake of the institute is 1836. The institution has been accredited by NAAC with A+ grade and NBA, New Delhi. This year SNIST is celebrating its 25th year (Silver Jubilee). Department specialities include Industry Internship projects, highly qualified and experienced faculty members.

Department of CSE- Cyber Security, SNIST:

Department of CSE- Cyber Security was established in 2021 with a view of providing quality education in professional core and Cyber Security courses. Cyber Security courses, offered as a part of the curriculum, aim to equip students with the knowledge and skills required to defend the computer operating systems, networks and data from cyber-attacks. Students advance through courses that develop their knowledge in basic science humanities and business management, computer science and cyber security needed to defend the people, data, computing, software, networks, and systems that keep the world safe and productive. By organizing workshops and lectures on value-added courses, students are prepared for professional roles in the rapid growing field of cyber security.

Department of CSE- Cyber Security, SNIST:

The main objective of the short term course is to provide an insight into the network security analysis with latest tools and techniques in the domain of Cyber Security. Impart complete knowledge with hands-on sessions on configuring the tools: Wireshark, Tcpdump, Snort, Burpsuite, Nmap, Tcpdump, Virtualbox and more. Demonstrates intrusion detection system analysis with Snort and Squert. Impart knowledge and technical training on ethical hacking and penetration testing methodologies with various tools on Kali Linux. The industry standard tools and methodology utilized in this course will expose you to hands-on skills that are necessary for the faculty, researchers and students working in the area of Cyber Security and aspiring to make their career in this domain. Equips the participants with the technical know-how of popular security tools used in the Cyber Security Domain

The outcomes of the program are as follows:

- Configure and install the virtual machine and security tools like Virtualbox, Security Onion(SO), Metasploitable, Wireshark.
- Interpret Snort rules and analyze underlying packet captures
- Use Wireshark and Tcpdump to analyze malicious network traffic
- Use penetration testing / ethical hacking tools (Metasploit, Armitage, Burpsuite, Hydra, Nmap, etc.)
- Introduce and impart the training of Cyber Security Tools into the curriculum of UG and PG programs

Major Course Contents

- Introduction to Intrusion Detection System (IDS)
 - Aspects of data packet capture
 - Install and configure Wireshark, Kali Linux and Security Onion on Virtualbox
 - Interpret Snort rules and analyze underlying packet captures
 - Use Wireshark and Tcpdump to analyze malicious network traffic
 - Analyze Malware infection and Policy violations
- The Sessions will be handled by experts from IITs/NITs/IIITs/University/Software

How to Apply:

Interested participants are required to fill the online registration form by clicking on the following link:

Step 1: Register for the FDP: <https://forms.gle/wnP6eXNZib5oCWrt7>

Step 2: Join the WhatsApp Group: <https://chat.whatsapp.com/DdFU5tPFWZeJgMyYu4CTIa>

Who should attend?

The program is open to all faculty/research scholars/industry professionals/MCA and other eligible students.
