RIGOLADE' 23 REPORT

DESCRIPTION:

Rigolade is an annual three-day, Techno-Cultural fest organized and assembled by The Techvision Club and Arts Club. It is the perfect amalgamation of technical and non-technical aspects. Of which, technical events like webinars, fun activities, sessions are handled by Techvision Club, while Arts Club handle the cultural events of the fest.

Rigolade gives students the perfect platform to showcase their talent in different domains like in technical and cultural fields, and simply have fun amongst learning. The fest includes many technical and non-technical events conducted by the clubs during the first two days of Rigolade. The event is brought to a conclusion with cult night, VIVRATH, on the third day.

THE TECHVISION CLUB, SNIST:

TechVision Club was established with the main motto of bridging the gap between the institute and the industry. The club conducts technical events to help students gain technical aspects of technologies as well as a few non-technical events to foster the overall development of

students. It conducts seminars, workshops alongside other technical events to prepare students for their future endeavors.

The Techvision Club is honored to have **Ms. Divya Naadem** as Rigolade's club coordinator, who has been aiding The Techvision Club and Art's Club since the very beginning.

DETAILS ABOUT EACH EVENT:

TECHNOVA:

Rigolade's flagship event, TECHNOVA, conducted annually by The Techvision club on the first day of the fest, where prestigious guests from all over India join the students of SNIST for a session in the prospect of inspiring them, motivating them, and even entertaining them. It is an opportunity to bring in industrial experts, entrepreneurs, investors, and other inspiring professions to share their life journey thus far.

EUREKA:

Eureka, a fun event started last year, is essentially a tarot card reading. Tarot card reading is a form of cartomancy whereby practitioners use tarot cards to purportedly gain insight into the past, present or future. They formulate a question, then draw cards to interpret them for this end.

SHARK TANK SNIST:

Shark Tank SNIST, is intended for providing the future entrepreneurs from SNIST to express their innovation and receive the proper financial support, with the help of INDUCE. It is a fun, interactive session made to model the show, "Shark Tank", where investors, sharks, hear the business idea pitch, who require funding from them.

WORKSHOPS:

This year, Techvision Club had the opportunity to conduct various workshops ranging from various topics from "introduction to flutter", "bash Scripting", "Placement Guidance", and various other intriguing topics with various workshop conducting organizations like cisco, coding ninjas, and hackerabad. The workshop was meant to be informative and a sort of introductory session for which the students who participated received certificates from the workshop organizers.

VIDEO GAMES:

Video Games Competitions are conducted every year as a fun way of interacting with technology for entertainment and relaxation purposes. It also offers a platform to compete with the fellow students of SNIST and computer learning. The winner is awarded various prizes for his talent in video gaming. This year there were many forms of video games introduced, including PC gaming(Valorant), mobile gaming(Call Of Duty), and Gaming den

MOVIE NIGHT:

Movie night was intended to entertain and relax the students of SNIST in a fun and uplifting way. Where the students gather and a movie will be screened. This event started this year, screening the movie "Sye", a 2004 telugu film directed by S. S. Rajamouli.
